Meth Toxins in Real Estate

Tips, Tools, Resources

Led by Kathi McCarty the founder Meth Toxins Awareness Alliance
Real estate professionals are on the front lines of client protection.

In this live CE session, we explore the real-world impacts of methamphetamine toxins in properties and provide the education, prevention tools, and resources needed to help safeguard the people and investments entrusted to you.

This is about awareness, responsibility, and raising the standard of care in our industry.

Earn 3 CE Credits while making a meaningful difference.
